Certified Practitioners of the Trager® Approach have successfully completed the certification program of Trager International, and have maintained continuing education and other requirements. The United States Trager Association maintains a database of Certified Practitioners in the USA, Australia, Costa Rica, Japan, Namibia, New Zealand, and Puerto Rico. If you have any question about someone's credentials, you are advised to contact the United States Trager Association for verification.

Please Note: Not all fields are required to be filled in, to find a Practitioner on this page. {| Iqm query="8"}
